May 11th. 1935

Present: Reeve McCallan, Councillors Rochester, Matheson, Noble, McCallum and Fowler.

On calling the Council to order, the Reeve expressed his sorrow at the passing of Mr Knight Harris who had reported the Council meetings for a good many years for the local paper and the Vernon News, and he would ask the Clerk to write to Mrs Knight Harris conveying the sympathy of the members of the Council to her and the members of her family in their sad berevment.

The letter from Mr Lindsay was received and filed.

-----

That letters numbered 2 & 3 be received  
and filed and that the matter be referred to Councillor  
Rochester.

Reports:

-----

Councillor Noble reported that he had placed Mrs Versteeg in the care of her son, but had found that this arrangement was not satisfactory and as a consequence he had made arrangements with Mrs John Stickle to care for this patient for the sum of \$20.00 per month.

be received and the action taken be approved. Carried.

-----

In connection with Councillor Noble's report, the Clerk was instructed to request the husband of Mrs Versteeg to assist in caring for his wife to the best of his ability.

-----

Councillor McCallum reported on behalf of the Committee to inspect the proposed Peters-Wallbridge Road, that it was found that it would be necessary to open this road a distance of thirty or forty rods. Authority had been given Mr Wallbridge to do the necessary slashing and each party, namely Messrs Wallbridge and Peters had been advised that they would be responsible for their respective fences. Owing to the fact that there was a personal dispute between Messrs Wallbridge and Peters, the former had asked protection in case of molestation.

Rochester-Matheson:-

That the report from the Road Committee  
be received and their action be approved. Carried.

Reports cont'd:

161 The Reeve reported that on the strength of the agreement made with Mrs Patterson for the purchase of the "Robb" farm, Mr Rahn had been advised to vacate the property in accordance with his agreement with the Council. This he had willingly acceded to and had made a claim for his work of \$50.00. This item had appeared larger than it was thought Mr Rahn was entitled to, so the Clerk had been authorized to pay the sum of \$35.00 as compensation in addition to the refund of the rent paid of \$175.00, and he had agreed with Mr Rahn to submit the balance of the claim to the Council for its consideration. The action of the Reeve was approved and the balance of \$15.00 claimed by Mr Rahn was left in abeyance.

-----  
Councillor McCallum reported that Mr Warner of the Imperial Oil Company had been unable to obtain a suitable barrel for the storage of gas, so it was arranged that in the meantime the truck driver would obtain gas at the Imperial Oil Company's plant until such time as a tank was obtained. The oil and grease was kept by the truck driver. The report from Councillor McCallum was received and his action approved.

-----  
The Reeve reported that it had been found necessary to place shakes on the roof of the "Robb" house, as the old roof was found to be in a bad state of repair and one gable end of the house had been shingled, also fifteen acres of the land was being seeded down to alfalfa. The Committee would recommend that a survey be made of the two rights of way through this property, namely the one required as an auxiliary road across Fortune Creek and one to give Mr Williamson access to his property.  
McCallum-Fowler:-

That the report from the Reeve be received and his action approved, also that a survey of the rights of way as outlined in the report be authorized. Carried.

-----  
Councillor Fowler reported that he had made an inspection of the Lansdowne cemetery and had found conditions very unsatisfactory: The fences were in a very bad state of repair and he had made arrangements for placing new posts all round. He was of the opinion that the old picket fences which had been erected and had not been kept in repair, be removed.  
Matheson-McCallum:-

That the report from Councillor Fowler be received and that his action in the matter of re-fencing be approved, and that he take up, with the City the question of making further improvements. Carried.

THE CORPORATION OF THE TOWNSHIP OF SPALLUMCHEEN

---

Special meeting of the Council,

Armstrong, B. C.  
August 24th. 1935

---

Present:-

Reeve, McCallan, Councillors Rochester, Noble, Matheson and Fowler.

The Reeve stated that this meeting was called in connection with a proposal made by the Hon. Dr. K. C. MacDonald for the financing of the Pleasant Valley Waterworks District by way of a loan under the "Unemployment Relief Act" of 1933. Dr. MacDonald had met the Reeve on August 21st., when the matter was discussed. As there was some question of the legality of the Municipality loaning money to a Waterworks District, Mr. Gordon Lindsay had been asked to meet the Council to-day.

The situation having been explained to Mr Lindsay, he gave his opinion that the Council had no authority under the Municipal Act to loan money. The Council could however, if it so wished, borrow money under the Relief Act of 1933 and contract with the Pleasant Valley Waterworks District to renew the District's pipe line, or, the Council could do the work and sell the pipe line to the District.

No action was taken on the matter.

Reports:

The Clerk reported that a complaint had been received to the effect the Mr O'Keef's tractor was causing a considerable amount of damage to the roads, as it appeared that the tractor was not powerful enough to haul the grain separator which he was using for threshing, and as a consequence the tractor was digging holes in the surface of the road and thereby creating a hazzard to the public.

No action was taken on this report.

Councillor Noble reported that the truck driver had stated that when travelling down hill with a load it was impossible to stop the truck at the C. N. R. crossing at the foot of the Grandview Hill.

The report from Councillor Noble was received and the Clerk was directed to take the matter up with the C. N. R. officials with a view to having an overhead bridge erected west from the present crossing, which would eliminate both this crossing and the one on the road leading to the Otterlake Road.

Noble-Fowler:

That we do now adjourn.

Carried.

This property had reverted to the Municipality and an offer had been received from Mr E. M. Chapman to purchase this for the sum of \$25.00, which offer had been accepted by the Municipality. He would now recommend that this sale be cancelled if possible, and the property be retained for future use of the Municipality.
